

REMARKS

The Labeling of the Drawings:

Applicant notes that the drawings submitted were labeled respectively as Figure 1 and Figure 2, whereas the correct designation is FIG. 1 and FIG. 2. Applicant respectfully requests that Examiner, if in agreement, will amend the labeling of the drawings accordingly.

Specification Objections:

The specification was objected to because a less than complete description of the plant was presented. Accordingly, the specification has been amended along the lines of the examiner's suggestions to more clearly and completely describe the plant. It is respectfully requested that the specification objection be withdrawn.

Rejection Under 35 U.S.C. 112:

The claim was rejected under 35 USC 112 as not being supported by a clear botanical description. Accordingly, the botanical description has been amended to more clearly describe the plant. It is respectfully requested that the 112 rejection be withdrawn.

Conclusion:

The Examiner's attention to each of the parts of the patent application is greatly appreciated.

The claimed plant is now believed to be in condition for allowance.

Respectfully submitted,
PLANTHAVEN, INC.
